

TeenDrive³⁶⁵ In School

THE FIRST YEAR AFTER A TEEN GETS THEIR LICENSE WILL BE ONE OF THE MOST DANGEROUS YEARS OF THEIR LIFE.

SOURCE: NATIONAL SAFETY COUNCIL

That's why Toyota and Discovery Education teamed up to create **TeenDrive365: In School**, a comprehensive program designed to help teens avoid distractions and stay safe behind the wheel.

TeenDrive365: In School offers a range of content, tools and resources designed specifically for educators and teens. This includes:

- **Classroom Resources for Educators**, including standards-aligned lesson plans for grades 9-12, activities and talking points that teach appropriate behaviors for young drivers and passengers.
- **Educational Tools for Teens** to help them learn about the responsibility of driving including quizzes, a budgeting sheet/financial planner and parental discussion points.
- **Parent-focused Resources** that include driving practice activities and a guide to help parents act as coaches while setting examples as safe drivers for their teens.
- **Heads Up! – The Interactive Road Distraction Challenge**, which allows teens to virtually experience some of the dangers of distracted driving.

Find out how TeenDrive365: In School can benefit you, visit **TeenDrive365InSchool.com**.
